

FAIRMONT CASEGOOD SERIES

HBF

HBF introduces the Fairmont Series of casework and conference products. While based on classic, traditional detailing, Fairmont offers an array of flexible components to solve current office needs. The series is designed and engineered to address the reality of today's furniture budgets yet offer the quality veneers, beautiful finishes and attention to detail that are expected from HBF.

FAIRMONT CASEGOOD SERIES

01 Fairmont's paper management towers, to be used with overhead units, are standard in satin pewter or black powder coat finishes. The Gaston pull replicates the exquisite fluted Fairmont edge detail.

02 Fairmont desk extensions are offered in a wide variety of top forms and sizes. Credenzas include removable access panels and recessed pedestals to allow full width wall access behind the credenza.

03

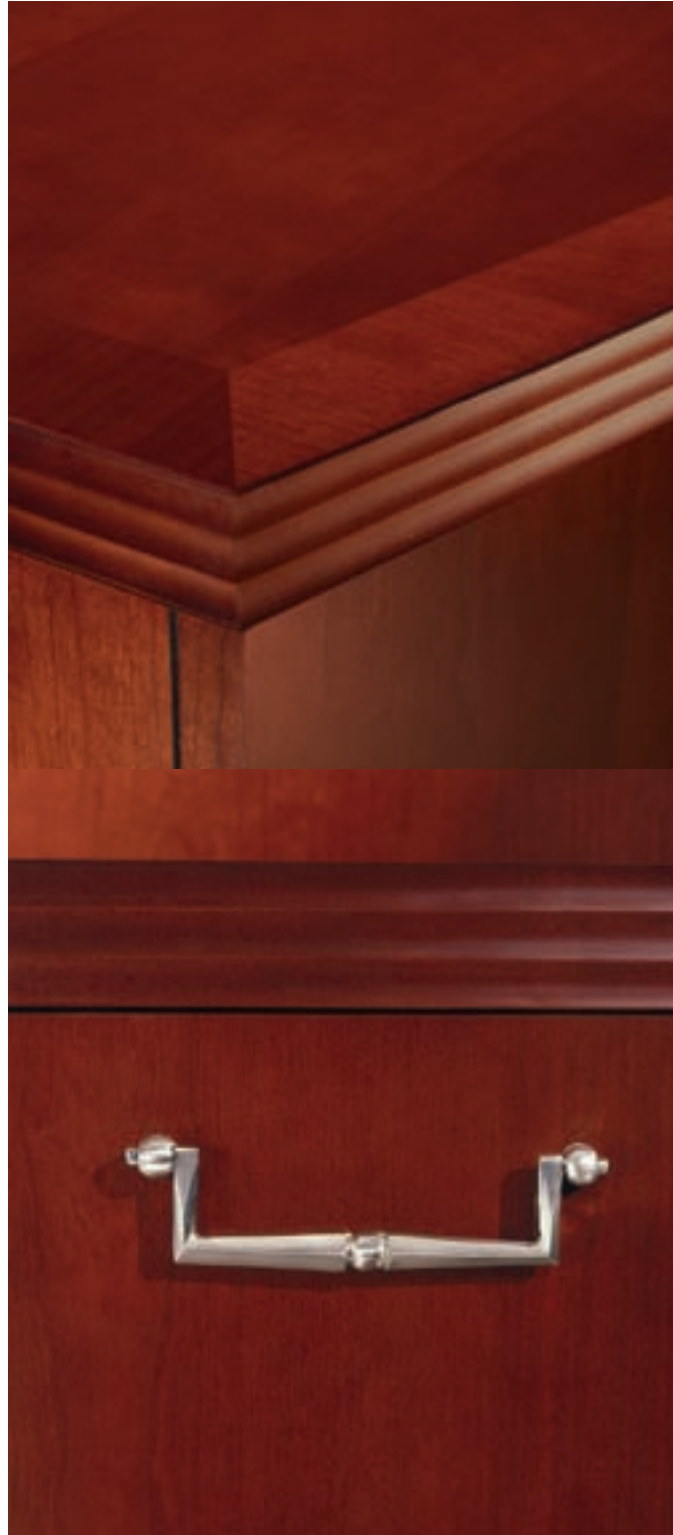

The Fairmont table desk is a simple yet elegant form offered in rectangular, ellipse and bow front profiles.

04

Overhead, credenza tower and vertical storage units are available in single and double heights. Open storage is featured in many components to create a multitude of work wall designs.

05

Fairmont desks feature a hand-laid, quartered veneer top to enhance the traditional references of the series and complement the fluted edge detail.

06

The satin nickel Johnston pull is also available on Fairmont casegood products.

07

For added detailing, Fairmont's fluted edge detail wraps around all four sides of the desktop. Rectangular and bow front configurations may be constructed in an array of sizes.
