

Veneer

The following slip matched, plain sliced veneers are available with the finish options as shown below. Pricing for these veneers are shown by veneer grade.

Bamboo: Not a graded veneer and available only on select LOGICmeet tables.

Anigre: Color and grain variations are typical characteristics of anigre veneer. Color may vary from light yellow to pale brown, sometimes with pink tint. The grain pattern of anigre will also vary in frequency and size; grain pattern changes should be expected within a given product or suite of furniture.

M* (maple): These finishes are available only on maple seating and occasional table products and allow the specifier to create a finish that is complementary to non-maple veneers available on conference and casegood products. HBF's maple seating and occasional table products can therefore be specified with HBF conference and casegoods constructed with the available non-maple veneers and create an office environment with complementary wood tones. These complementing (M*) finishes are not available on conference or casegood products.

- 18 Biscotti on maple complements 17 Scone on sapele
- 20 Hazelnut on maple complements 19 Butterscotch on anigre
- 22 Cider on maple complements 21 Chai on anigre
- 24 Chocolat on maple complements 23 Mocha on rift oak
- 26 Latte on maple complements 25 Cocoa on walnut
- 28 Nectar on maple complements 27 Honeycomb on walnut
- 30 Toffee on maple complements 29 Nutmeg on walnut

Inherent in the natural renewable beauty of wood are variations in texture, density and grain figuring; therefore variations in finish color tone are unavoidable. Color tone and grain figuring may vary from one furniture piece to another. These variations are even more pronounced when lighter finishes are selected.

The finishes printed in this brochure are for reference only. For approval prior to placing your order, please request actual finish sample on selected veneer.
