	Grade G	2340	Leather III	3010						
	Grade H	2380	Leather IV	3095						

Salon seating is crafted with a bent plywood walnut shell that surrounds the open back. In order to maintain the natural wood appearance of the edge of the shell, a smoothing compound is added to fill the edges rather than applying a wood edge band. Variations in the transition of the wood finish from the edge to the shell itself are a natural part of the original design for this Salon lounge chair.

Walnut available in three standard finishes: 25 Cocoa, 27 Honeycomb, 29 Nutmeg. Due to natural color variation in walnut, limited custom finishes are available for this chair; please contact HBF Customer Service.

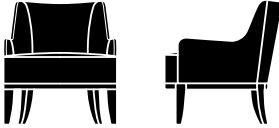

Due to design details of this product, fabric with horizontal and vertical lines or patterns may appear distorted when used on seating with significant curves. Mohair, velvet and other pile fabrics are not recommended for this product. A list of all HBF Textiles approved product is available upon request. All COM products being considered must be approved by HBF prior to placing the order; please send cutting for approval.
